Sir,

In response to Office Action mailed December 13, 2007, copy of which is enclosed, applicant timely submits herewith revised forms for the claims in order to rectify the improper multiple dependent claim forms noted for the original claims 5 - 7 and 12 - 14.

The said revision of the claims also affects the content of a number of paragraphs and figures filed in the original application that flowed directly from these. These paragraphs and figures have also been necessarily revised, as submitted herewith. Finally, three other paragraphs not directly related to the Office Action have been given minor revisions to better support the original intent of the application, as also submitted herewith.

Briefly then, this response to Office Action comprises the following sections, with reference to paragraphs and figures as stated in the original application:

Section 1: revision of the claims whereby the number of claims is now twelve (12)

Section 2: revision of paragraphs [0032] to [0034]

Section 3: revision of paragraphs [0395] to [0405]

Section 4: revision of the abstract

Section 5: revision of paragraphs [0017], [0018] and [0257]

Section 6: revision of figures 13, 14A and 14B

Respectfully,

Paul Huneault
